Form Approved OMB No. 0930-0279 Expiration Date 09/30/2009

# Strategic Prevention Framework State Incentive Grant (SPF SIG) Cross-Site Evaluation

## Community Level Instrument (Part II): Intervention Strategies

January 2007

Substance Abuse and Mental Health Services Administration Center for Substance Abuse Prevention

Burden Statement: Public reporting burden of this collection of information is estimated to average 3 hours per response. Send all comments regarding this burden estimate or any other aspect of this collection of information to SAMHSA Reports Clearance Officer, Room 7-1045, Choke Cherry Road, Rockville, MD 20857. An agency may not sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The control number for this project is 0930-0279.

#### **Intervention Form**

#### Information and Directions

This instrument is designed to collect information about the activities of the community partners for the Strategic Prevention Framework -State Incentive Grant (SPF-SIG) Initiative. This information will be collected every 6 months, with a select number of questions being asked only once throughout the life of the grant.

The CLI is designed as a two-part survey. Part I collects data about the community's progress through the strategic prevention framework. Part II collects information about the specific intervention(s) being implemented by the community. The community will complete a separate Part II form for each intervention implemented. For example, if the community is implementing both a participant-based, education intervention and an environmental intervention, they will complete two Part II forms. Data collected from the survey will be used to evaluate the effectiveness of the Strategic Prevention Framework.

Each community partner will be assigned a unique numerical identification. This identification will be used to ensure that communities cannot be identified. In addition, no individuals will be identified in the reporting of results.

Make sure to read all of the directions and examples, which are provided in *italics*.

Directions for skipping questions are indicated where appropriate to minimize the time needed to complete the questionnaire. This web-based survey is designed to automatically take you to the appropriate question, but you should still follow the directions closely.

Throughout this document, the term "you" refers to the community partner that has received SPF SIG funding from the state. This could be an organization, coalition, or other entity. If this community partner is a community coalition, the Project Director for the SPF SIG project is required to complete the instrument, with input from other coalition members as needed.

You are strongly encouraged to obtain input from others involved with the SPF SIG funded project. Each section of the instrument includes a list of individuals whom you may want to consider asking to assist you in this data collection process. As part of this process, we encourage you to print out a hard copy of the instrument and review it with key individuals, such as the project coordinator, evaluator, intervention delivery staff, and others, as appropriate.

#### SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

As you enter your data, you will be able to save your work and come back to it at another time. You may also write your responses to the narrative response questions in a word processor and copy and paste them into the web-based survey.

If you need assistance in completing this instrument, contact Shelly Kowalczyk at (301) 587-1600 or via e-mail at <a href="mailto:skowalczyk@mayatech.com">skowalczyk@mayatech.com</a>

People you may want to include in responding to this form:

- Project Director
- Project Coordinator
- Intervention delivery staff
- Evaluator
- Coalition representative(s)

#### Intervention Information

1.	Name of the intervention (Web programming note: definition link). (Web programming note:
	This field will be auto-filled based on response in question 183 in Part I.)
2.	When did you begin funding this intervention? ( <i>Provide MM/YYYY</i> .)  MM/YYYY
3.	When did you complete implementing this intervention? If you are currently implementing this intervention, leave this response blank. ( <i>Provide MM/YYYY</i> ) (Web programming note: This question must be asked every time until the intervention is complete and an answer is provided.)  MM/YYYY
4.	What factors, beyond data driven planning, influenced your intervention selection? (Select all that apply.)  Local capacity to deliver interventions  Cost  Experience implementing intervention prior to SPF SIG funding  Political environment  Requirements of partnering organizations  Evidence-based literature on effectiveness  Other information supporting the effectiveness of the intervention  Demographics or cultural characteristics of local population  Availability of technical assistance  Recommendation by state funding agency  Other (Describe.)
5.	Is this an evidence-based program, policy or practice (Web programming note: definition link)? (Select yes or no.)  ☐ Yes ☐ No (If no, proceed to question 7.)

6.	How do you know this is an evidence-based program, policy or practice (Web programming
	note: definition link)? (Select all that apply.)
	We did not use any specific criteria to determine that this was an evidence-based
	program, policy or practice
	Evaluator recommendation
	☐ Listed in National Registry of Effective Programs and Practices (NREPP)
	Listed on some other federal agency or national organization's list of "effective
	programs"
	Found to be effective in a peer-reviewed journal article
	☐ Based on a theory or conceptual model
	☐ Implemented in a similar community
	☐ CSAP recommendation
	☐ Center for the Application of Prevention Technologies (CAPT) Web site
	Other (Describe.)
_	
7.	Is this a new <u>intervention</u> developed and tested by you, the community partner? <i>Some</i>
	communities are funded to create new interventions for specific target populations,
	substances and consequences that have been identified as problem areas in the community. If
	your intervention is one you developed and have tested or are planning on testing with a
	target population select "yes." (Select yes or no.)
	Yes (Web programming note: If yes, the respondent will skip questions 25-38.)
	☐ No (If no, proceed to question 10.)
0	If the intervention you are developing is based on an evidence based program, policy or
8.	If the <u>intervention</u> you are developing is based on an <u>evidence-based program, policy or practice</u> (Web programming note: definition link), provide the name of that intervention. <i>If</i>
	you do not know the full name of the intervention, provide the name you use. For example,
	you may have developed a new intervention, but used Life Skills Training as a starting point
	for your newly designed intervention. Provide as much information as necessary for clarification.
	ciarification.
9.	Indicate why you decided to develop a new <u>intervention</u> rather than using a previously tested
	intervention. (Select all that apply.)
	Previously tested interventions did not address the need in our community
	☐ Previously tested interventions were not culturally appropriate
	☐ Previously tested interventions were too costly
	Other (Describe.)
10	Which of the following best describes this intervention? (Select one response.)
10.	Not implemented in the community prior to SPF SIG funding ( <i>If marked, proceed to</i>
	question 12.)
	<b>1</b> /
	Continuation of an intervention with no change ( <i>If marked</i> , proceed to question 12.)
	☐ Continuation of an intervention with changes or adaptations

				an intervention with ns for the changes.	h changes or adaptations	describe

	%					

20.	Ind	icate the CSAP domain this intervention targets: (Select all that apply.)
	For	r more information on CSAP's domains, visit the Web site listed here:
		o://www.northeastcapt.org/science/pod/agencyInfo.asp?caller=
		<u>Individual domain</u> (Web programming note: definition link)
		Family domain (Web programming note: definition link)
		Peer domain (Web programming note: definition link)
		School domain (Web programming note: definition link)
		Community domain (Web programming note: definition link)
		Society/Environmental domain (Web programming note: definition link)
<b>)</b> 1	Ind	icate the component(s) that are included in this intervention. Interventions may employ
41.		eral different components: (Select all that apply.)
	SC V	<u>Prevention education (Web programming note: definition link – if selected, the</u>
	L	respondent will be routed to the prevention education form after completing the
		Intervention Form.)
		Alternative drug-free activities (Web programming note: definition link – if selected, the
	Щ	respondent will be routed to the alternatives to substance use component sub-form after
		completing the Intervention Form.)
		<u>Problem identification and referral (Web programming note: definition link – if selected,</u>
	щ	the respondent will be routed to the problem identification and referral form after
		completing the Intervention Form.)
		Community based processes (Web programming note: definition link – if selected, the
	-	respondent will be routed to the community based processes form after completing the
		Intervention Form)
		Environmental strategies (Web programming note: definition link – if this option is
	_	selected the respondent will be routed to the environmental strategies form after
		completing the Intervention Form.)
		<u>Information dissemination</u> (Web programming note: definition link – if this option is
		selected the respondent will be routed to the information dissemination form after
		completing the Intervention Form.)
		Other activities or services delivered to individuals (Describe.)
		(Web programming note: if this option is selected the respondent will be routed to the
		other activities or services delivered to individuals form after completing the Intervention
		Form.)
		Other activities or services not delivered to individuals ( <i>Describe</i> .)
		(Web programming note: if this option is selected the respondent will be routed to the
		other activities or services delivered to individuals form after completing the Intervention
		Form.)

22.	Does this intervention include a <u>curriculum or manual</u> (Web programming note: definition link)? By curriculum or manual, we mean a set of instructions about how to deliver the intervention. This can be a pre-existing curriculum or manual created by the intervention developer or a formal curriculum or manual developed by the community partner. (Select yes or no.)  Yes No
23.	Have any individual participants been served by this intervention during this reporting period, for example in classroom-based interventions or other direct service interventions?  (Select yes or no.)  Yes  No (If no, proceed to next section, question 27.)
24.	How many <u>new participants</u> (Web programming note: definition link) were served by this intervention during this reporting period? New participants are participants who had not received or participated in the intervention before and were therefore not previously counted. If you are unsure of the exact number of new participants, respond with your best numeric estimate.
25.	Of the total number of new participants served by this intervention during this reporting period (reported in question 24), indicate how many were male and how many were female. This should be an actual number and not a percentage. ( <i>Write a numeric response</i> .) Number of females:
26.	Of the total number of new participants served by this intervention during this reporting period (reported in question 24), indicate how many were in each of the age groups listed below. This should be an actual number and not a percentage. ( <i>Write a numeric response</i> .) Children age 0 to 4:  Children age 5 to 11:  Children age 12 to 14:  Youth age 15 to 17:  Young adults age 18 to 20:  Young adults age 21 to 24:  Adults age 25 to 44:  Adults age 45 to 64:  Adults age 65 and over:

#### Adaptations

This section asks for information about any adaptations you made to this <u>evidence-based</u> <u>program</u>, <u>policy or practice</u> (Web programming note: definition link). We understand that making adaptations to an intervention can help make it more accessible to a specific population and we would like your honest answers about adaptations you may have made. Adaptations may include changes in target population, content, cultural appropriateness, <u>dosage</u> (Web programming note: definition link), <u>duration</u> (Web programming note: definition link), or <u>setting</u> (Web programming note: definition link) of the intervention that are different from those recommended by the intervention developer.

27.	Did you adapt the <u>intervention</u> in order to deliver it to a <b>target population</b> that was not indicated by the developer? (Examples of adaptations include, targeting an age group younger than the indicated target population or targeting young men having sex with men as opposed to young adults ages 18-24 as indicated by the developer.) (Select one response.)  Yes  No (If no, proceed to question 29.)  Intervention developer makes no recommendations for target population (If marked, proceed to question 29.)  Not applicable (If not applicable, proceed to question 29.)
28.	Describe the adaptation you made in order to deliver the intervention to a target population that was not indicated by the developer. ( <i>Provide a concise written description in the space available.</i> )
29.	Did you make any adaptation to the <b>curriculum or manual content</b> of the intervention? (Select one response.)  Yes
	<ul> <li>No (If no, proceed to question 31.)</li> <li>Intervention developer makes no recommendations for curriculum or manual content (If marked, proceed to question 31.)</li> <li>Not applicable (If not applicable, proceed to question 31.)</li> </ul>
30.	Describe the adaptation made to the curriculum or manual content. (Provide a concise written description in the space available.)

31.	Did you make any adaptations to address the <u>cultural appropriateness</u> (Web programming note: definition link) of the intervention for a particular group? (Select one response.)  Yes  No (If no, proceed to question 33.)  Intervention developer makes no recommendations regarding the cultural appropriateness of the intervention for different groups (If marked, proceed to question 33.)  Not applicable (If not applicable, proceed to question 33.)
32.	Describe the changes you made to improve the <u>cultural appropriateness</u> (Web programming note: definition link) of the intervention and how the fit was improved for a particular group. ( <i>Provide a concise written description in the space available.</i> )
33.	Did you adapt the recommended <b>dosage</b> for this intervention (e.g., the number of sessions or number of public service announcements (PSAs) or other media spots)? (Select one response.)  ☐ Yes ☐ No (If no, proceed to question 36.) ☐ Intervention developer makes no recommendations for dosage (If marked, proceed to question 36.) ☐ Not applicable (If not applicable, proceed to question 36.)
34.	Indicate the recommended dosage.
35.	Indicate the dosage actually delivered.
36.	Did you adapt the recommended <b>duration</b> (e.g., days or hours) of this intervention? ( <i>Select one response</i> .)  ☐ Yes ☐ No ( <i>If no, proceed to question 39</i> .) ☐ Intervention developer makes no recommendations for duration ( <i>If marked, proceed to question 39</i> .) ☐ Not applicable ( <i>If not applicable, proceed to question 39</i> .)
37.	Indicate the recommended duration, in hours, of this intervention. hours

38.	Indicate the number of hours actually spent delivering the intervention. hours				
39.	<ul> <li>Did you make an adaptation to the setting of the intervention (e.g., classroom, worksite, etc.)? (Select one response.)</li> <li>Yes</li> <li>No (If no, proceed to question 41.)</li> <li>Intervention developer makes no recommendations for setting (If marked, proceed to question 41.)</li> <li>Not applicable (If not applicable, proceed to question 41.)</li> </ul>				
40.	Describe the adaptation made to the setting of the intervention (e.g., classroom, worksite, etc.). ( <i>Provide a concise written description in the space available.</i> )				
41.	Did you collect information regarding participant satisfaction with the <u>cultural</u> appropriateness (Web programming note: definition link) of the intervention? (Select yes or no.)  Yes				
	☐ No (If no, proceed to next section, Intervention Outcomes.)				
42.	What were the results of the assessment of participants' satisfaction with the <u>cultural</u> appropriateness of the intervention? The results of an assessment of the cultural appropriateness of an intervention will vary greatly. For this reason, we have included broad response options of highly satisfied, moderately satisfied, and not satisfied. We ask that you analyze the results of your particular assessment and choose the category that best corresponds to the overall results of your assessment. (Select one response.)  Participants were highly satisfied with cultural appropriateness.  Participants were moderately satisfied with cultural appropriateness.				

#### Intervention Outcomes

This section pertains to the collection of <u>outcome data</u> (Web programming note: definition link). Outcome data is information that reveals the extent of change in targeted attitudes, values, behaviors, or conditions between baseline measurement and subsequent points of measurement. Depending on the nature of the intervention and the theory of change guiding it, changes can be immediate, intermediate, final, or longer-term outcomes.

If your intervention evaluation was conducted at the state level, questions 43 through 46 will be completed by the state. (Web programming note: we will need to set an on/off button for this section so that the state administrator can lock this section if the state is conducting the intervention evaluation.)

43.	rep dat	ere any outcome data (Web programming note: definition link) collected during this forting period? This includes pretest, exit, and follow-up data, as well as other types of ta. (Select yes or no.)  Yes No (If no, proceed to question 47.)
44.		outcome data were collected, what was your sampling strategy? (Select all that apply.) The entire target population for the intervention Only the actual persons who directly participated in the intervention A specifically selected comparison group that did not receive the intervention Some other population or subgroup (Describe.)
45.	tha info	licate the CSAP National Outcome Measures (NOMs) that are being collected. (Select all et apply.) If completing the Web-based version of this instrument, click here to visit CSAP's formation about NOMs. (Web programming note: include link to
	<u>htt</u>	p://www.nationaloutcomemeasures.samhsa.gov/)
		30-day use
	-	Perceived risk of use
		Age of first use
		Perception of disapproval
		ATOD (Alcohol Tobacco and Other Drugs) suspensions/expulsions
	L	School attendance divided by enrollment (defined as attendance as a percentage of enrollment)
		Workplace ATOD (Alcohol Tobacco and Other Drugs) use
		Drug-related crime
		Alcohol-related car crashes and injuries
	П	Number of persons served by age, gender, race and ethnicity
		Total number of <u>evidence-based interventions</u> (Web programming note: definition link)
		Increased services provided within cost bands (Web programming note: definition link)
		for universal (Web programming note: definition link), selective (Web programming
		note: definition link), and indicated (Web programming note: definition link) programs.

#### SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

46.	Was an analysis of outcome data completed during this reporting period? This analysis could
	have been completed by the community partner, the state, or some other entity. In addition,
	this analysis could have been conducted by someone paid through the SPF SIG funds, or
	someone who was providing their services free-of-charge or as an in-kind contribution.
	(Select yes or no.)
	☐ Yes
	□ No

#### Closing Question

47. Provide any additional comments about your prevention intervention activities here. (*Provide a concise written description in the space available.*)

#### **Prevention Education Sub-Form**

48.	When did you first start serving participants with this Prevention Education component of the intervention, including all cycles? ( <i>Provide MM/YYYY</i> .)  MM/YYYY
49.	Is this a recurring intervention, in which the same group of people are served over multiple intervention sessions? An example would be an intervention that is delivered to the same group of participants every Monday night for 6 weeks, or to an 8 <sup>th</sup> grade health class every Friday in a semester. (Select yes or no.)  Yes  No
50.	Is the prevention education component of this intervention implemented in a series of cycles, in which a new group of participants is served on a regular schedule, such as a new school year? If your intervention takes place for a period of time with the same participants and then starts over with new participants, select "yes." An intervention can be both recurring (question 49) and implemented in a series of cycles (question 50). (Select yes or no.)  Yes  No (If no, proceed to question 52.)
51.	If the prevention education component of the intervention is implemented in cycles, what are the cycles based on? (Select one response.)  The school calendar (quarters, semesters, school year)  The SPF SIG funding cycle An organizational fiscal cycle Other (Describe.)
52.	How many new groups of participants started the prevention education component of the intervention during this reporting period?
53.	How many new groups of participants completed the prevention education component of the intervention during this reporting period?
54.	What was the total number of sessions provided for each group of participants in the prevention education component of the intervention during this reporting period?
55.	What was the average length of the individual sessions, in hours, during this reporting period?

56.	What was the format of the prevention education component of the intervention during this reporting period? ( <i>Select all that apply</i> .)  ☐ Individual ☐ Small group (2-9) ☐ Large group (10-49) ☐ Extra large group (50+) ☐ Web-based ☐ Other ( <i>Describe</i> .)
57.	Indicate the types of participants served by the prevention education component of the intervention during this reporting period. (Select all that apply.)  Infants and children pre-school age and under  Elementary school age children, including kindergarten  Middle school or junior high school age youth  High school age youth  College students  All individuals under age 21  Parents  Adults 18 and over, but not parents  Community leaders  Healthcare providers  Substance abuse prevention/treatment workers  Law enforcement  Other (Describe.)
58.	As delivered, how would you classify this Prevention Education component according to the Institute of Medicine categories? (Select one response.)    Universal (Web programming note: definition link)   Selective (Web programming note: definition link)   Indicated (Web programming note: definition link)

Use the table below to indicate the percentage of participants of each race served during the reporting period. Include all participants who were served by the prevention education component of this intervention during this reporting period.

If you do not know exact percentages of each race served, you may estimate percentages by determining the percentage of various races throughout the community using community/school profiles or community census data.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you served African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American. Note: If information on race was not collected for Hispanic populations, include this population as "other" on the race category.

Racial Category	a. Percentage of participants served	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
59. American Indian/Alaska Native	%	1. 2. 3.
60. Asian		1. 2. 3.
61. Black or African American	%	1. 2. 3.
62. Native Hawaiian or Other Pacific Islander	%	1. 2. 3.
63. White	%	1. 2. 3.
64. Participants who selected more than one race	%	1. 2. 3.
65. Other (Specify)	%	1. 2. 3.

Use the table below to indicate the percentage of your population served by the prevention education component of this intervention during this reporting period who considered themselves of Hispanic or Latino background and list any specific subpopulations that were targeted. If you do not know exact percentages, you may estimate percentages using community/school profiles or community census data.

Ethnic Category	a. Percentage of participants served	b. Subgroups targeted, if applicable (e.g., Puerto Rican)
66. Hispanic/Latino		1. 2. 3.

#### **Alternative Drug-Free Activities Sub-Form**

	When did you first start serving participants with this Alternative Drug-Free Activities component of the intervention, including all cycles? ( <i>Provide MM/YYYY</i> .)  MM/YYYY
~	estions 68 through 76 pertain to alternative drug-free activities that were targeted at a specific up, such as high school students, college students, etc.
	Are these recurring activities, in which the same group of people is served over multiple intervention sessions? ( <i>Select yes or no.</i> )  Yes No
69.	Is the alternative drug-free activities component of this intervention implemented in a series of cycles, in which a new group of participants is served on a regular schedule, such as a new school year? ( <i>Select yes or no.</i> )  Yes  No ( <i>If no, proceed to question 71.</i> )
70.	If the alternative drug-free activities component of this intervention is implemented in cycles what are the cycles based on? (Select one response.)  The school calendar (quarters, semesters, school year)  The SPF SIG funding cycle An organizational fiscal cycle Other (Describe.)
71.	How many new groups of participants started the alternative drug-free activities component of this intervention during this reporting period?
72.	How many new groups of participants completed the alternative drug-free activities component of this intervention during this reporting period?
73.	What was the total number of sessions provided for each group of participants in the alternative drug-free activities component of this intervention during this reporting period?
74.	What was the average length of the individual sessions, in hours, during this reporting period? hours

75. What was the format of the alternative drug-free activities component of this intervention during this reporting period? ( <i>Select all that apply</i> .)  ☐ Individual ☐ Small group (2-9) ☐ Large group (10-49) ☐ Extra large group (50+) ☐ Web-based ☐ Other ( <i>Describe</i> .)
76. Indicate the types of participants served by the alternative drug-free activities component of this intervention during this reporting period. ( <i>Select all that apply</i> .)    Infants and children pre-school age and under   Elementary school age children, including kindergarten   Middle school or junior high school age youth   High school age youth   College students   All individuals under age 21   Parents   Adults 18 and over, but not parents   Community leaders   Healthcare providers   Substance abuse prevention/treatment workers   Law enforcement   Other ( <i>Describe</i> .)
<ul> <li>77As delivered, how would you classify the alternative drug-free activities component of this intervention according to the Institute of Medicine categories? (Select one response.)</li> <li>_ Universal (Web programming note: definition link)</li> <li>_ Selective (Web programming note: definition link)</li> <li>_ Indicated (Web programming note: definition link)</li> </ul>
Questions 78 through 80 pertain to alternative drug-free activities that were targeted at the general population, such as First Night Alcohol Free celebrations on New Year's Eve.
<ul> <li>78. Did you conduct drug-free events (concerts, festivals/fairs, picnics, sporting events) during this reporting period that were not targeted to specific groups of participants? (<i>Select yes o no.</i>)</li> <li>☐ Yes</li> <li>☐ No (<i>If no, proceed to question 81.</i>)</li> </ul>
79How many drug-free events were conducted during this reporting period?
80How many people were reached through the drug-free events during this reporting period?

Use the table below to indicate the percentage of participants of each race served by the alternative drug-free activities component of this intervention during the reporting period.

If you do not know exact percentages of each race served, you may estimate percentages by determining the percentage of various races throughout the community using community/school profiles or community census data.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you served African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American. Note: If information on race was not collected for Hispanic populations, include this population as "other" on the race category.

Racial Category	a. Percentage of participants served	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
81. American Indian/Alaska Native	%	1. 2. 3.
82. Asian	%	1. 2. 3.
83. Black or African American	%	1. 2. 3.
84. Native Hawaiian or Other Pacific Islander	%	1. 2. 3.
85. White	%	1. 2. 3.
86. Participants who selected more than one race	%	1. 2. 3.
87. Other (Specify)	%	1. 2. 3.

Use the table below to indicate the percentage of your population served by the alternative drug-free activities component of this intervention during this reporting period who considered themselves of Hispanic or Latino background and list any specific subpopulations that were targeted. If you do not know exact percentages, you may estimate percentages using community/school profiles or community census data.

Ethnic Category	a. Percentage of participants served	b. Subgroups targeted, if applicable (e.g., Puerto Rican)
88. Hispanic/Latino		1. 2. 3.

#### **Problem Identification and Referral Sub-Form**

	When did you first start serving participants with this Problem Identification and Referral component of the intervention, including all cycles? ( <i>Provide MM//YYYY</i> .)  MM/YYYY
	Indicate the types of participants served by the Problem Identification and Referral component of this intervention during this reporting period. (Select all that apply.)  Infants and children pre-school age and under  Elementary school age children, including kindergarten  Middle school or junior high school age youth  High school age youth  College students  All individuals under age 21  Parents  Adults 18 and over, but not parents  Community leaders  Healthcare providers  Substance abuse prevention/treatment workers  Law enforcement  Other (Describe.)
	What was the total number of individuals for whom problem identification and referral services were provided during this reporting period?
	Where did problem identification and referral activities take place? (Select all that apply.)  School  Health care facilities  Jails or prisons  Courts  Other (Describe.)
93.	What type of services were individuals referred to? (Select all that apply.)  Substance abuse treatment  Mental health treatment  Substance abuse prevention activities  Housing services  After school activities  Transportation  Day care or adult care services  Other (Describe.)

Use the table below to indicate the percentage of participants of each race served by the problem identification and referral component of this intervention during the reporting period.

If you do not know exact percentages of each race served, you may estimate percentages by determining the percentage of various races throughout the community using community/school profiles or community census data.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you served African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American. Note: If information on race was not collected for Hispanic populations, include this population as "other" on the race category.

Racial Category	a. Percentage of participants served	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
94. American Indian/Alaska Native	%	1. 2. 3.
95. Asian	%	1. 2. 3.
96. Black or African American	%	1. 2. 3.
97. Native Hawaiian or Other Pacific Islander	%	1. 2. 3.
98. White	%	1. 2. 3.
99. Participants who selected more than one race	%	1. 2. 3.
100. Other (Specify)	%	1. 2. 3.

Use the table below to indicate the percentage of your population served by the problem identification and referral component of this intervention during this reporting period that considered themselves of Hispanic or Latino background and list any specific subpopulations that were targeted. If you do not know exact percentages, you may estimate percentages using community/school profiles or community census data.

Ethnic Category	a. Percentage of participants served	2. Subgroups targeted, if applicable (e.g., Puerto Rican)
101. Hispanic/Latino	%	1. 2. 3.

#### **Community-Based Processes Sub-Form**

Indicate the activities that were conducted during this reporting period to enhance community resources (activities that will help the community address substance abuse and serve those with substance abuse problems), and provide activity details if asked.

102.	Indicate the number of task force/coalition members you recruited during this reporting period, if any:
	(If you did not do any work related to task forces or coalitions during this reporting period, proceed to question 105.)
103.	Indicate the number of task force/coalition meetings you held during this reporting period, it any:
104.	Indicate the number of task force/coalition members you trained during this reporting period, if any:
105.	Indicate the number of other community members you trained during this reporting period, if any:
106.	Did you coordinate funding with other organizations/projects during this reporting period?  (Select yes or no.)  Yes  No
107.	Did you develop interagency coordination mechanisms during this reporting period? (Select yes or no.)  Yes  No
108.	Did you develop prevention or provider networks during this reporting period? (Select yes or no.)  Yes  No
109.	Indicate how many community outreach/education sessions you hosted during this reporting period, if any. Do not include outreach or education sessions that are counted or reported in another section of this instrument.
110.	Indicate the number of community organizations to whom you provided funding or other in-kind donations during this reporting period, if any:  (If none, proceed to question 112.)

#### SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

111.	_How much funding did you provide to community organizations during this reporting period? ( <i>Include in-kind donations</i> .)
112.	_Indicate the number of community organizations to whom you provided technical assistance during this reporting period, if any:
113.	Did you reorganize local agencies to promote efficiency in delivering substance abuse prevention during this reporting period? ( <i>Select yes or no.</i> )  ☐ Yes ☐ No
114.	Did you reallocate local funds for substance abuse prevention during this reporting period (Select yes or no.)  ☐ Yes ☐ No
115.	Did you formally change ways local organizations work together to address substance abuse prevention during this reporting period, for example by officially changing school curricula or by documenting specific policies or practices for working together? ( <i>Select ye. or no.</i> )  Yes  No
116.	Did you monitor regulatory or compliance changes by the state toward local or regional organizations during this reporting period? ( <i>Select yes or no.</i> )  ☐ Yes ☐ No
117.	Did you conduct other community activities during this reporting period? (Select yes or no.)  Yes (Describe.)  No
118.	_How often did you conduct other community activities during this reporting period?

Use the table below to indicate the **estimated** percentages of each race that were targeted in the community-based processes component of this intervention during the reporting period.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you targeted African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American.

Racial Category	a. Percentage of population targeted	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
119. American Indian/Alaska Native	%	1. 2. 3.
120. Asian	%	1. 2. 3.
121. Black or African American	%	1. 2. 3.
122. Native Hawaiian or Other Pacific Islander		1. 2. 3.
123. White	%	1. 2. 3.
124. Participants who selected more than one race	%	1. 2. 3.
125. Other (Specify.)	%	1. 2. 3.

Use the table below to indicate the **estimated** percentage of Hispanic/Latino populations that were targeted in the community-based processes component of this intervention during this reporting period and list any specific subpopulations that were targeted.

Ethnic Category	a. Percentage of population targeted	b. Subgroups targeted, if applicable (e.g., Puerto Rican)
126. Hispanic/Latino	%	1. 2. 3.

#### **Environmental Strategies Sub-Form**

Throughout this section, "you" refers to your organization, or partners with your organization. For example, if you worked with the police department to conduct more sobriety checkpoints, you would report this activity on this form. Indicate the type(s) of environmental strategies (Web programming note: definition link) you worked to implement or implemented during this reporting period related to **policy**.

The questions below are an attempt to provide an exhaustive list of potential environmental strategies. SPF SIG community partners are not required to implement environmental strategies. The list below is meant to provide a standard way of reporting on environmental strategy implementation and activities. You will not be penalized if you indicate "no" as a response option. There is space at the end of this section to report on environmental strategies that are not listed here.

127.	<ul> <li>Did you work to enact open container laws prohibiting alcohol consumption in public places during this reporting period? (<i>Select one response</i>.)</li> <li>☐ Yes</li> <li>☐ No (<i>If no, proceed to question 129</i>.)</li> <li>☐ Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (<i>If not applicable, proceed to question 129</i>.)</li> </ul>
128.	Were you successful in your efforts to enact open container laws during this reporting period? (Select one response.)  Yes  We made some progress in this effort during this reporting period, but we still have
	some work to do.  No
129.	<ul> <li>Did you work to enact limits on the location, density (Web programming note: definition link), and hours of operation of liquor stores during this reporting period? (Select one response.)</li> <li>Yes</li> <li>No (If no, proceed to question 131.)</li> <li>Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (If not applicable, proceed to question 131.)</li> </ul>
130.	Were you successful in your efforts to enact limits on the location, density (Web programming note: definition link), and hours of operation of liquor stores during this reporting period? (Select one response.)  ☐ Yes ☐ We made some progress in this effort during this reporting period, but we still have some work to do. ☐ No

131.	Did you work to enact zoning ordinances to prohibit new alcohol outlets during this reporting period? (Select one response.)  Yes
	<ul> <li>□ No (If no, proceed to question 133.)</li> <li>□ Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (If not applicable, proceed to question 133.)</li> </ul>
132.	Were you successful in your efforts to enact zoning ordinances during this reporting period? (Select one response.)  Yes
	<ul> <li>We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>No</li> </ul>
133.	Did you work to enact limits on smoking in public places (e.g., movie theaters and restaurants) during this reporting period? (Select one response.)  Yes
	<ul> <li>No (If no, proceed to question 135.)</li> <li>Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (If not applicable, proceed to question 135.)</li> </ul>
134.	Were you successful in your efforts to enact limits on smoking in public places during this reporting period? ( <i>Select one response</i> .)  Yes
	<ul> <li>☐ We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>☐ No</li> </ul>
135.	Did you work to enact limits on the use and placement of cigarette vending machines during this reporting period? (Select one response.)  Yes
	<ul> <li>□ No (If no, proceed to question 137.)</li> <li>□ Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (If not applicable, proceed to question 137.)</li> </ul>
136.	Were you successful in your efforts to enact limits on the use and placement of cigarette vending machines during this reporting period? ( <i>Select one response</i> .)
	<ul> <li>☐ Yes</li> <li>☐ We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>☐ No</li> </ul>

137.	<ul> <li>Did you work to enact regulations on alcohol or tobacco advertising and billboard placements in the community during this reporting period? (<i>Select one response</i>.)</li> <li>☐ Yes</li> <li>☐ No (<i>If no, proceed to question 139</i>.)</li> <li>☐ Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (<i>If not applicable, proceed to question 139</i>.)</li> </ul>
138.	Were you successful in your efforts to enact regulations on alcohol or tobacco advertising and billboard placements during this reporting period? ( <i>Select one response</i> .)  ☐ Yes ☐ We made some progress in this effort during this reporting period, but we still have some work to do.
120	☐ No  Did you work to establish drug/alashal/tabasas free school zones and/or school use noticing
139.	<ul> <li>Did you work to establish drug/alcohol/tobacco-free school zones and/or school use policies during this reporting period? (Select one response.)</li> <li>☐ Yes</li> <li>☐ No (If no, proceed to question 141.)</li> <li>☐ Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (If not applicable, proceed to question 141.)</li> </ul>
140.	<ul> <li>Were you successful in your efforts to establish drug/alcohol/tobacco-free school zones and/or school use policies during this reporting period? (<i>Select one response</i>.)</li> <li>☐ Yes</li> <li>☐ We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>☐ No</li> </ul>
141.	<ul> <li>Did you work to establish drug/alcohol/tobacco-free workplaces and/or workplace use policies during this reporting period? (<i>Select one response</i>.)</li> <li>☐ Yes</li> <li>☐ No (<i>If no, proceed to question 143</i>.)</li> <li>☐ Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (<i>If not applicable, proceed to question 143</i>.)</li> </ul>
142.	<ul> <li>Were you successful in your efforts to establish drug/alcohol/tobacco-free workplaces and/or workplace use policies during this reporting period? (Select one response.)</li> <li>☐ Yes</li> <li>☐ We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>☐ No</li> </ul>

143.	<ul> <li>Did you work to enact policies to reduce the problems/consequences associated with substance abuse (e.g., crime, driving under the influence, etc.) during this reporting period? (Select one response.)</li> <li>☐ Yes</li> <li>☐ No (If no, proceed to question 145.)</li> <li>☐ Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (If not applicable, proceed to question 145.)</li> </ul>
144.	<ul> <li>Were you successful in your efforts to enact policies to reduce the problems/consequences associated with substance abuse during this reporting period? (<i>Select one response</i>.)</li> <li>☐ Yes</li> <li>☐ We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>☐ No</li> </ul>
145.	Did you work to implement organizational policies (e.g., within recreation leagues, summer camps, other non-governmental organizations) to reduce drug/alcohol/tobacco use among staff and youth during this reporting period? ( <i>Select one response</i> .)  Yes  No ( <i>If no, proceed to question 147</i> .)  Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. ( <i>If not applicable, proceed to question 147</i> .)
146.	<ul> <li>Were you successful in your efforts to implement organizational policies to reduce drug/alcohol/tobacco use among staff and youth during this reporting period? (<i>Select one response</i>.)</li> <li>☐ Yes</li> <li>☐ We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>☐ No</li> </ul>
147.	<ul> <li>Did you work to implement keg registration (Web programming note: definition link) during this reporting period? (Select one response.)</li> <li>☐ Yes</li> <li>☐ No (If no, proceed to question 149.)</li> <li>☐ Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (If not applicable, proceed to question 149.)</li> </ul>
148.	<ul> <li>Were you successful in your efforts to implement <u>keg registration</u> (Web programming note: definition link) during this reporting period? (Select one response.)</li> <li>☐ Yes</li> <li>☐ We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>☐ No</li> </ul>

149.	Did you conduct other <u>policy interventions</u> (Web programming note: definition link) during this reporting period? (Select one response.)
	<ul> <li>Yes (<i>Describe</i>.)</li> <li>No (<i>If no, proceed to question 151</i>.)</li> <li>Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (<i>If not applicable, proceed to question 151</i>.)</li> </ul>
150.	Were you successful in your efforts to conduct other policy interventions during this reporting period? (Select one response.)  Yes
	<ul> <li>We made some progress in this effort during this reporting period, but we still have some work to do.</li> <li>No</li> </ul>
	cate which of the following activities you conducted during this reporting period, in order fect policy change.
151.	Did you contact your representatives (e.g., to prohibit alcohol consumption and smoking in public places) during this reporting period? ( <i>Select yes or no.</i> )  Yes
	☐ No (If no, proceed to question 154.)
152.	How many representatives were contacted during this reporting period?
153.	How many issues did you contact your representatives about during this reporting period?
154.	Did you provide information to elected officials about policies to be enacted (e.g., to prohibit new alcohol outlets in the community) during this reporting period? (Select yes or no.)  Yes
	☐ No (If no, proceed to question 157.)
155.	How many elected officials were provided information during this reporting period?
156.	How many policies did you provide information on during this reporting period?
157.	Did you organize a ballot initiative during this reporting period? (Select yes or no.)  Yes  No. (If no proceed to procee
	No (If no, proceed to question 159.)
158.	How many ballot initiatives were organized during this reporting period?

	Did you work with school administrators and teachers to implement a drug-free policy during this reporting period? ( <i>Select yes or no.</i> )  Yes
	☐ No (If no, proceed to question 161.)
160.	. How many schools did you engage in policy implementation during this reporting period?
161.	Did you work with businesses to implement a drug-free workplace during this reporting period? (Select yes or no.)  Yes
	□ No (If no, proceed to question 163.)
162.	How many businesses did you engage in policy implementation during this reporting period?
163.	Did you conduct other policy activities during this reporting period? (Select yes or no.)  Yes (Describe.)  No (If no, proceed to question 165.)
164.	. How often did you conduct other policy activities during this reporting period?
	cate the type(s) of <u>environmental strategies</u> (Web programming note: definition link) you ked to implement or implemented during this reporting period related to <b>enforcement</b> .
165.	Did you conduct compliance checks that target merchants who sell alcohol and tobacco to minors during this reporting period? ( <i>Select yes or no.</i> )  Yes
	□ No (If no, proceed to question 168.)
166.	. How many compliance checks were conducted during this reporting period?
	How many compliance checks were conducted during this reporting period?  How many merchants were targeted during this reporting period?
167.	

170.	Provide the <u>frequency</u> (Web programming note: definition link) of checkpoints during this reporting period.
171.	Did you set up surveillance of areas known for illegal drug sales during this reporting period? (Select yes or no.)  ☐ Yes ☐ No (If no, proceed to question 174.)
172.	How many areas were targeted for surveillance during this reporting period?
173.	Provide the <u>frequency</u> Web programming note: definition link) of the surveillance during this reporting period.
174.	Did you work to increase building inspections during this reporting period from the number of inspections conducted prior to this reporting period? ( <i>Select yes or no.</i> )  ☐ Yes ☐ No
175.	Did you work to ensure that policies to force landlords to improve or demolish run-down buildings were enforced during this reporting period? (Select yes or no.)  Yes  No
176.	Did you make use of civil and criminal "nuisance abatement" statutes, which require landlords to evict tenants involved in narcotics-related activities or risk personal prosecution during this reporting period? (Select yes or no.)  Yes No
177.	Did you enforce policies to reduce the problems/consequences associated with substance abuse during this reporting period? (Select yes or no.)  Yes No
178.	Did you conduct other enforcement activities during this reporting period? (Select yes or no.)  \[ \text{Yes (Describe.)} \] \[ \text{No (If no, proceed to question 180.)} \]
179.	How often did you conduct other enforcement activities during this reporting period?

Indicate which of the following activities you conducted during this reporting period in order to implement <u>environmental strategies</u> (Web programming note: definition link) related to **enforcement**: (Select all that apply.)

180.	Did you educate law enforcement during this reporting period? (Select yes or no.)  Yes
	□ No (If no, proceed to question 183.)
181.	How many law enforcement education sessions were conducted during this reporting period?
182.	How many law enforcement officers were educated during this reporting period?
183.	Did you collaborate with law enforcement (e.g., work with law enforcement to familiarize them with high-risk areas of the community for sting operations, sobriety check-points, etc.) during this reporting period? (Select yes or no.)  Yes  No (If no, proceed to question 185)
	□ No (If no, proceed to question 185.)
184.	How many law enforcement officers were engaged in collaboration during this reporting period?
185.	Did you conduct citizen patrols in neighborhoods known for illegal drug sales during this reporting period? (Select yes or no.)  Yes
	☐ No (If no, proceed to question 188.)
186.	How many citizen patrols were conducted during this reporting period?
187.	How many neighborhoods known for illegal drug sales were patrolled during this reporting period?
188.	Did you collaborate with municipal officials and private landlords to improve, rebuild, or raze abandoned buildings that are used to engage in drug use, adolescent alcohol use, and other illegal activities during this reporting period? ( <i>Select yes or no.</i> )  Yes  No ( <i>If no, proceed to question 191.</i> )
100	
189.	How many municipal officials were engaged in collaboration during this reporting period?

# SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

190.	How many private landlords were engaged in collaboration during this reporting period?
191.	Did you conduct server training programs that work with bartenders and wait staff to reduce service to minors and intoxicated customers during this reporting period? (Select yes or no.)  Yes No (If no, proceed to question 194.)
192.	How many server training programs were offered during this reporting period?
193.	How many bartenders/wait staff were trained during this reporting period?
194.	Did you educate merchants about the laws and penalties for selling to underage customers during this reporting period? (Select yes or no.)  Yes No (If no, proceed to question 197.)
195.	How many merchant training programs were offered during this reporting period?
196.	How many merchants were educated about the laws and penalties for selling to underage customers during this reporting period?
197.	Did you conduct other enforcement activities during this reporting period? (Select yes or no.)  Yes (Describe.)  No (If no, proceed to question 199.)
198.	How often did you conduct the other enforcement activities during this reporting period?

Indicate the type(s) of <u>environmental strategies</u> (Web programming note: definition link) you implemented during this reporting period related to **communication**.

199.	Did you engage in social marketing during this reporting period? Social Marketing (Web programming note: definition link) is using the principles of commercial marketing to develop, implement, and evaluate programs designed to influence the behavior of a target audience. Rather than dictating the way that information is to be conveyed, social marketing involves listening to the needs and desires of the target audience and building the program from there. (Select yes or no.)  Yes  No (If no, proceed to question 210.)
200.	How many social marketing campaigns were implemented during this reporting period?
201.	How many television ads were created during this reporting period, as part of your social marketing campaigns?
202.	How many television ads were aired during this reporting period, as part of your social marketing campaigns?
203.	How many radio ads were created during this reporting period, as part of your social marketing campaigns?
204.	How many radio ads were aired during this reporting period, as part of your social marketing campaigns?
205.	How many print ads were created during this reporting period, as part of you social marketing campaigns?
206.	How many print ads were published during this reporting period, as part of your social marketing campaigns?
207.	How many special events (e.g., drug-free concert, smoke-free sponsored softball tournament) were hosted during this reporting period, as part of your social marketing campaigns?

the

208.	How many other promotional activities (e.g., providing smoke-free pamphlets at a fair, distributing drug-free book covers at a school) were hosted during this reporting period as part of your social marketing campaigns?
209.	How many promotional items were distributed during this reporting period, as part of your social marketing campaigns? <i>Promotional items include pamphlets, brochures, leaflets, posters, videos or DVDs, and newsletters.</i>
210.	Did you engage in media literacy efforts during this reporting period? Media literacy programs foster the ability to analyze and evaluate messages in the media (e.g., working with children to teach them to evaluate the images and messages in a beer ad). (Select yes or no.)  Yes No (If no, proceed to question 212.)
211.	How many media literacy building sessions were held during this reporting period? A session is considered one class or gathering of participants. For example, if an intervention provides a class on tobacco ads and a class on alcohol ads, that would count as two sessions.
212.	Did you conduct other communication interventions during this reporting period? (Select yes or no.)  Yes (Describe.)  No (If no, proceed to question 214.)
213.	How often did you conduct other communication activities during this reporting period?
to in	cate which of the following activities you conducted during this reporting period, in order applement environmental strategies (Web programming note: definition link) related to munication.
214.	Did you present at community meetings (e.g., PTA meetings, town meetings, school assemblies) during this reporting period? <i>Community meetings do not include regularly scheduled coalition meetings or coalition meetings held for planning purposes.</i> (Select yes or no.)  Yes  No (If no, proceed to question 217.)
215.	How many community meetings were presented at during this reporting period?

216.	What was the total number of participants at all community meetings where you presented during this reporting period?
217.	Did you send letters to the editor of the local newspaper or community newsletters during this reporting period? ( <i>Select yes or no.</i> )  Yes
	□ No (If no, proceed to question 220.)
218.	How many letters were sent during this reporting period?
219.	How many letters were published during this reporting period?
220.	Did community members gather to show disapproval of upcoming alcohol-sponsored events during this reporting period? ( <i>Select yes or no.</i> )  Yes
	□ No (If no, proceed to question 222.)
221.	How many of the gatherings protesting alcohol-sponsored events were held during this reporting period?
222.	Did you develop substance abuse prevention public service announcements (PSAs) during this reporting period? (Select yes or no.)  ☐ Yes ☐ No (If no, proceed to question 224.)
223.	How many PSAs were developed during this reporting period?
224.	Did you broadcast substance abuse prevention public service announcements (PSAs) during this reporting period? (Select yes or no.)  Yes  No (If no, preced to question 226)
	□ No (If no, proceed to question 226.)
225.	How often were the PSAs broadcast during this reporting period?
226.	Did you produce and/or distribute substance abuse prevention posters?  ☐ Yes
	☐ No (If no, proceed to question 229.)
227.	How many posters were distributed?

# SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

228.	How many weeks are the posters scheduled to be displayed? weeks
229.	Did you develop prevention-focused Web site(s) during this reporting period? (Select yes or no.)  ☐ Yes ☐ No (If no, proceed to question 231.)
230.	How many hits did the Web site(s) receive during this reporting period?
231.	Did you conduct other communication activities during this reporting period? (Select yes or no.)  ☐ Yes (Describe.)  ☐ No (If no, proceed to question 233.)
232.	How often did you conduct other communication activities during this reporting period?
233.	Describe any other type(s) of <u>environmental strategies</u> (Web programming note: definition link) you worked to implement or implemented during this reporting period that do not fall into the categories listed above.  (Provide a concise written description in the space available.)

234. What individuals or organizations did you work with in planning or implement			
	environmental strategies (Web programming note: definition link) during this reporting		
	period? (Select all that apply.)		
	_ Youth		
	_ Parents		
	Business community		
	Media (e.g., radio and television stations, newspapers and magazines)		
	Chool(s)		
	Youth serving organization(s) (other than schools) (e.g., Big Brothers Big Sisters,		
	Boy Scouts/Girl Scouts)		
	Law enforcement agency/agencies		
	Religious or fraternal organization(s) (e.g., churches, Lions Club, Kiwanis)		
	Civic or volunteer organization(s) (e.g., local sports associations, neighborhood associations)		
	☐ Healthcare professionals		
	☐ State and/or local and/or tribal government agencies		
	_ Other (Describe.)		
	When did you first start conducting environmental strategies as part of this intervention? ( <i>Provide MM/YYYY</i> .)  MM/YYYY		

Use the table below to indicate the **estimated** percentages of each race that you targeted with the environmental strategies component of this intervention during the reporting period.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you targeted African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American.

Racial Category	a. Percentage of population targeted	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
236. American Indian/Alaska Native	%	1. 2. 3.
237. Asian	%	1. 2. 3.
238. Black or African American	%	1. 2. 3.
239. Native Hawaiian or Other Pacific Islander	%	1. 2. 3.
240. White	%	1. 2. 3.
241. Participants who selected more than one race		1. 2. 3.
242. Other (Specify.)	%	1. 2. 3.

Use the table below to indicate the **estimated** percentage of Hispanic/Latino populations you targeted with the environmental strategies component of this intervention during the reporting period and list any specific subpopulations that were targeted.

Ethnic Category	a. Percentage of population targeted	b. Subgroups targeted, if applicable (e.g., Puerto Rican)
243. Hispanic/Latino	%	1. 2. 3.

### **Information Dissemination Sub-Form**

For this section, do not include activities or information that you have reported in other areas, such as the environmental strategies section.

244.	What types of information did you disseminate? (Select all that apply.)
	☐ Program information (e.g., contact information, meeting times, etc.)
	☐ Substance abuse prevention information
	Surveillance and monitoring information, for example information about whom to contact if you suspect a meth lab is operating in your neighborhood.
	<ul> <li>□ Drunk driving prevention information, such as free cab rides home on New Years Eve.</li> <li>□ Other (<i>Describe</i>.)</li> </ul>
245.	What format was the information you disseminated? ( <i>Select all that apply</i> .)  ☐ Brochures ☐ Flyers
	☐ Magnets
	☐ Other promotional items (Frisbees, balls, cups)
	Other (Describe.)
246.	Describe the settings in which the information was disseminated. For example, the information may have been disseminated at a Parent Teacher Association meeting, a rock concert, a parade, etc.
247.	Approximately how many individuals received the information disseminated?
248.	What individuals or organizations did you work with in planning or implementing your information dissemination efforts Web programming note: definition link) during this
	reporting period? (Select all that apply.)
	Youth
	Parents
	Business community
	Media (e.g., radio and television stations, newspapers and magazines)
	☐ School(s)
	Youth serving organization(s) (other than schools) (e.g., Big Brothers Big Sisters,
	Boy Scouts/Girl Scouts)
	<ul><li>☐ Law enforcement agency/agencies</li><li>☐ Religious or fraternal organization(s) (e.g., churches, Lions Club, Kiwanis)</li></ul>
	Civic or volunteer organization(s) (e.g., local sports associations, neighborhood
	associations)
	☐ Healthcare professionals
	☐ State and/or local and/or tribal government agencies
	☐ Other ( <i>Describe</i> .)

249. W	nen did you first start conducting information dissemination activities as part of this
int	ervention? ( <i>Provide MM/YYYY</i> .)
M	<u> </u>

Use the table below to indicate the **estimated** percentages of each race that you targeted with the information dissemination activities component of this intervention during the reporting period.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you targeted African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American.

Racial Category	a. Percentage of population targeted	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
250. American Indian/Alaska Native	%	1. 2. 3.
251. Asian	%	1. 2. 3.
252. Black or African American	%	1. 2. 3.
253. Native Hawaiian or Other Pacific Islander	%	1. 2. 3.
254. White	%	1. 2. 3.
255. Participants who selected more than one race	%	1. 2. 3.
256. Other (Specify.)	%	1. 2. 3.

Use the table below to indicate the **estimated** percentage of Hispanic/Latino populations you targeted with the information dissemination activities component of this intervention and list any specific subpopulations that were targeted.

Ethnic Category	a. Percentage of population targeted	b. Subgroups targeted, if applicable (e.g., Puerto Rican)
257. Hispanic/Latino	%	1. 2. 3.

#### Other Activities or Services Delivered to Individuals Sub-Form

If your intervention included components delivered to individuals other than prevention education, alternative drug-free activities or problem identification and referral, use this form to provide information about this component. (Web programming note: After respondents complete one "Other Activities or Services Delivered to Individuals Sub-Form," they will need to indicate whether they want to complete another "Other Activities or Services Delivered to Individuals Sub-Form.")

258.	Describe any other component of the intervention that was delivered to individuals.
	When did you first start conducting this component of the intervention? ( <i>Provide MM/YYYY</i> .)  MM/YYYY
260.	What was the average duration of one session during this reporting period? hours
261.	How many sessions did you conduct during this reporting period?
262.	What was the format of this component during this reporting period? (Select all that apply.)  Individual  Small group (2-9)  Large group (10-49)  Extra large group (50+)  Web-based
	Other (Describe.)

### SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

263. Indicate the types of participants served by this component during this reporting period.
(Select all that apply.)
☐ Children age 0 to 3
☐ Children age 4 to 5
☐ Children age 6 to 11
☐ Youth age 12 to 17
☐ Young adults age 18 to 20
☐ Young adults age 21 to 24
Parents
☐ Adults 18 and over, but not parents
☐ Community leaders
☐ Healthcare providers
☐ Substance abuse prevention/treatment workers
☐ Law enforcement
Other (Describe.)
264. As delivered, how would you classify this other intervention component according to the
Institute of Medicine categories? (Select one response.)
Universal (Web programming note: definition link)
Selective (Web programming note: definition link)
Indicated (Web programming note: definition link)

Use the table below to indicate the percentage (or to estimate the percentage) of participants served by your other component of each race during the reporting period.

If you do not know exact percentages, you may estimate percentages using community/school profiles or community census data. Note: If information on race was not collected for Hispanic populations, include this population as "other" on the race category.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you served African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American.

Racial Category	a. Percentage of participants served	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
265. American Indian/Alaska Native	%	1. 2. 3.
266. Asian	%	1. 2. 3.
267. Black or African American	%	1. 2. 3.
268. Native Hawaiian or Other Pacific Islander	%	1. 2. 3.
269. White	%	1. 2. 3.
270. Participants who selected more than one race	%	1. 2. 3.
271. Other (Specify)	%	1. 2. 3.

Use the table below to indicate the percentage of your population served during this reporting period that considered themselves of Hispanic or Latino background and list any specific subpopulations that were targeted.

Ethnic Category	a. Percentage of participants served	b. Subgroups targeted, if applicable (e.g., Puerto Rican)
272. Hispanic/Latino	%	1. 2. 3.

#### Other Activities or Services Not Delivered to Individuals Sub-Form

If you used a component other than community-based processes, environmental strategies, or information dissemination to implement your intervention that did not involve specific participants, use this form to provide information about this component. (Web programming note: After respondents complete one "Other Activities or Services Not Delivered to Individuals Sub-Form," they will need to indicate whether they want to complete another "Other Activities or Services Not Delivered to Individuals Sub-Form.")

	sure to include reports of any counts or frequencies, as they apply.
74.	Describe the intended target population for these activities or services.
	When did you first start conducting these other non-participant based activities, as a component of this intervention? ( <i>Provide MM/YYYY</i> .)

Below info TO BE ADDED IN NEXT ROUND OF EDITS. Use the table below to indicate the percentage of participants of each race served by the problem identification and referral component of this intervention during the reporting period.

If you do not know exact percentages of each race served, you may estimate percentages by determining the percentage of various races throughout the community using community/school profiles or community census data.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you served African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American. Note: If information on race was not collected for Hispanic populations, include this population as "other" on the race category.

Racial Category	a. Percentage of participants served	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
276. American Indian/Alaska Native	%	1. 2. 3.
277. Asian	%	1. 2. 3.
278. Black or African American	%	1. 2. 3.
279. Native Hawaiian or Other Pacific Islander	%	1. 2. 3.
280. White	%	1. 2. 3.
281. Participants who selected more than one race	%	1. 2. 3.
282. Other (Specify)	%	1. 2. 3.

Use the table below to indicate the percentage of your population served by the problem identification and referral component of this intervention during this reporting period that considered themselves of Hispanic or Latino background and list any specific subpopulations

that were targeted. If you do not know exact percentages, you may estimate percentages using community/school profiles or community census data.

Ethnic Category	a. Percentage of participants served	2. Subgroups targeted, if applicable (e.g., Puerto Rican)
283. Hispanic/Latino	%	1. 2. 3.
